Mission of Co-Op

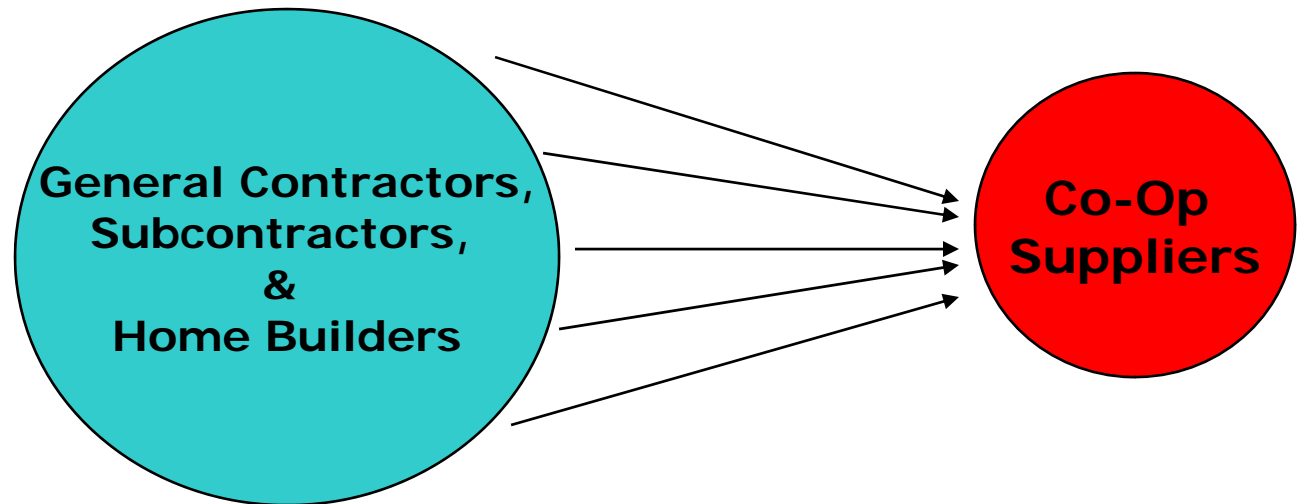

The mission of the Co-Op is to **funnel the buying power of its many contractor members to a few select suppliers** and achieve a larger volume of sales than ordinarily possible on your own.

Benefit to the Contractor Member:

- ✓ More savings on construction material
- ✓ One stop shop for all their buying

Benefit to the Supplier Member:

- ✓ More sales & forging of strong relationships with contractor clients

How Does The Co-Op Work For You?

The Co-Op only selects 1 supplier member for each trade and area. Then we focus all the buying power of our contractor members to those preferred suppliers!

This allows our suppliers to give you the best price and the best service in the industry.

Example:

If you currently are not a Bidstreet member and buy \$50,000 of lumber material from ABC Lumber yard each year, but the combined purchasing power of the members of Bidstreet's Co-Op buy \$3 million of lumber a year from ABC Lumber yard...

Who do you think will be able to negotiate better pricing, you or Bidstreet's Co-Op?

What Kind of Material Can You Save Money on?

You will be able to save money on almost any type of construction material.

- Concrete
- Plumbing
- Electrical
- Landscape
- Steel, Mesh
 - Lumber
 - HVAC
 - Roofing
 - Flooring
 - Piping
- Insulation
- Kitchens
- Painting
- Precast M.H.
- Doors, Windows
- Stone, Sand, Blocks

About Our CEO & Founder
